

Mazzer to be sponsor of the SCA UK Brewers Cup 2019-2021

Mazzer announces their official sponsorship of SCA UK Brewers Cup for the next three years

Venezia - March 8th, 2019

During the competition, some of the UK's top baristas will compete for the crown of the country's Brewers Cup Champion. The Competition highlights the craft of filter coffee brewing by hand, promoting manual coffee brewing and service excellence. In this Championship, competitors prepare and serve three individual beverages for a panel of judges. There will be only six finalist places available and the finals will be held on March the 11th and 13th in London.

MAZZER DIGITAL ZM

This year competitors will use the Mazzer digital ZM grinder. Among its main features the electronic True Zero calibration and the innovative motor-operated Digital Burrs Adjustment System. Thanks to this system baristas can set the distance between the burrs in microns, so the grind setting is understandable, accurate and repeatable.

The winner of this year's UK championship will go on to represent the UK at the World Brewers Cup competition next year in Melbourne.

Mulmar Foodservice Solutions partnered with Mazzer for the Digital ZM distribution in the UK and Ireland and provides technical support during all the tournament.
