The icon of the 70s is updated.

The new design combined with the possibility of customizing the side panels with valuable and trendy finishes such as denim, copper and brass ensures perfect coordination with the style of each coffee shop.

The new ambient light on the frontal and removable on request during installation to put on the back make it the real protagonist of the coffee shop. In addition you can order the kit of the second light. The new finish Blue Indigo matt is the trendy color of the coming years identified by a perspective design studio.
