

FAEMINA

Coffee Home Design

FAEMINA

Faemina presents the most advanced technologies from the professional world to the Home & Small Business segments:

Double heater: for the best coffee brewing and steam regulation

Refillable front water tank: to facilitate the "Plug&Play" function

Wide beverages menu: Espresso / Filter coffee / Tea / Infusions

Autosteam (optional): for a perfect frothing of the milk, automatically

Tray Up&Down: to adapt to different cup sizes depending on the beverage

Energy Saving: the machine is ready to brew after 5 minutes and automatically stays in stand-by mode after 10 minutes of non-use (adjustable in the machine settings)

High-quality beverages and correct machine maintenance: softener and second refill included in the packaging

Be Faema App: complete control of the machine parameters, remote assistance and dedicated coffee lovers community

Voice Recognition: for a better smart home experience
